

With lightning-fast precision, Aurora's AI comes to her instant rescue

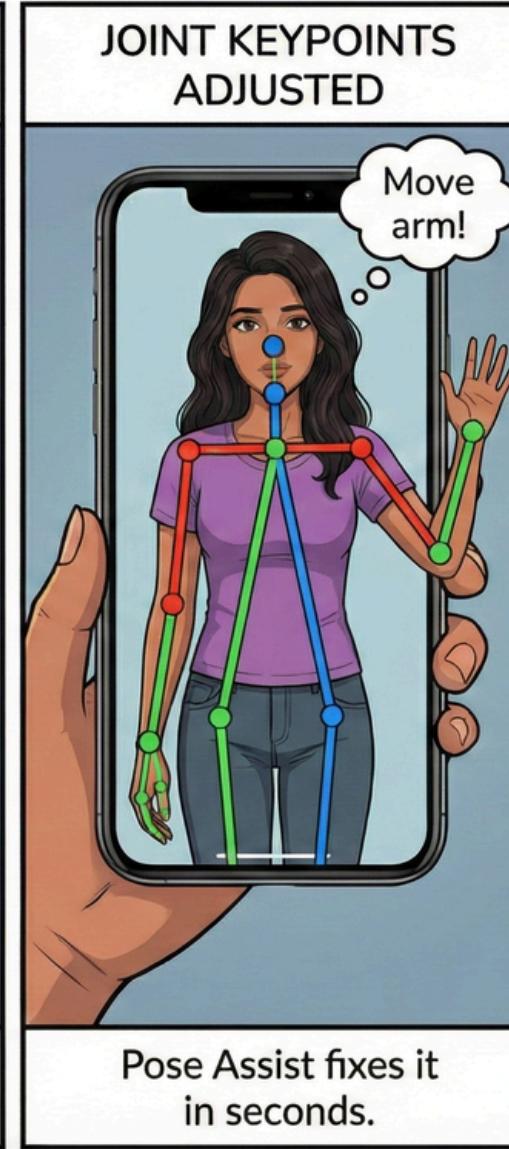

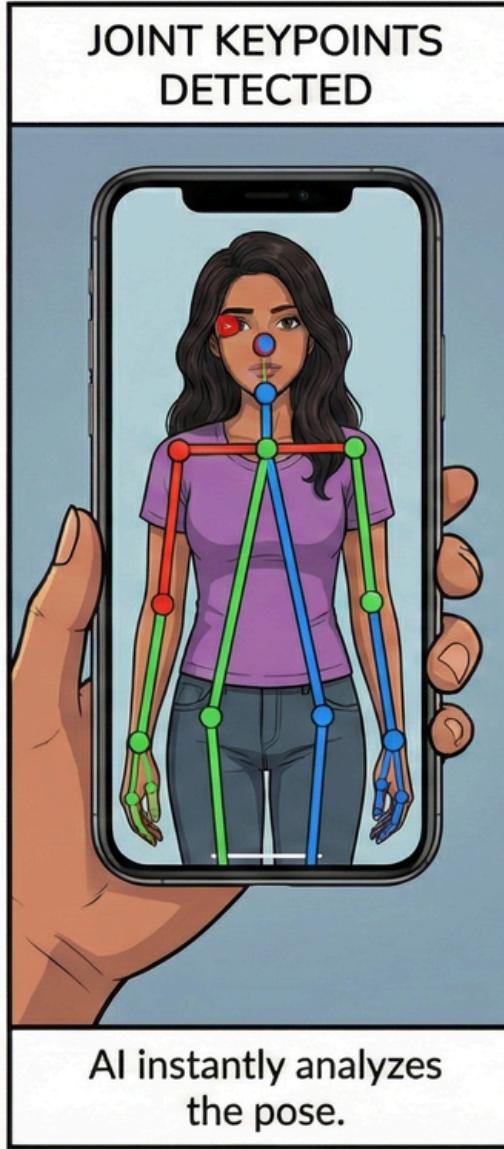

With couple of clicks and a swipe, she gets the in out of the way!

She even gets to add a final touch and adjust lighting

And that's how influencer Alex effortlessly gets the world to follow her

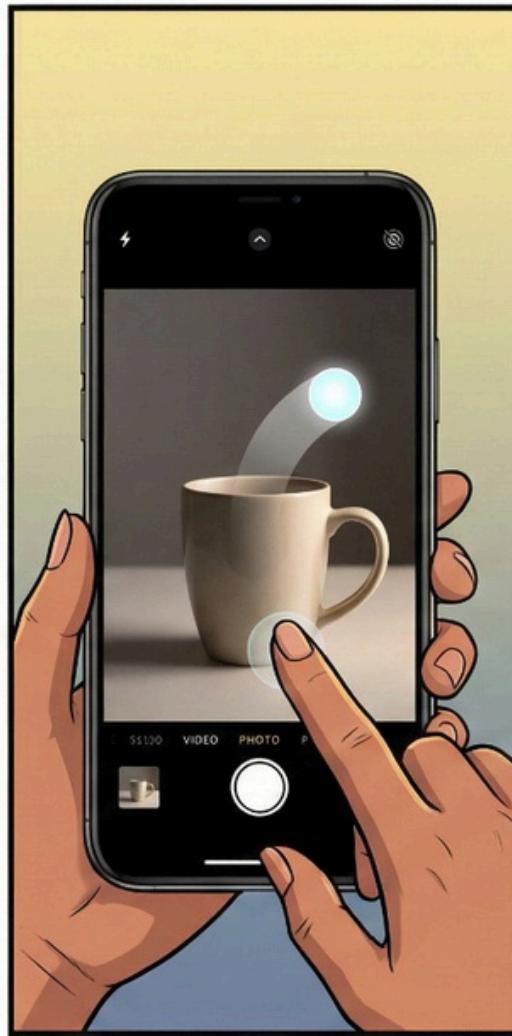

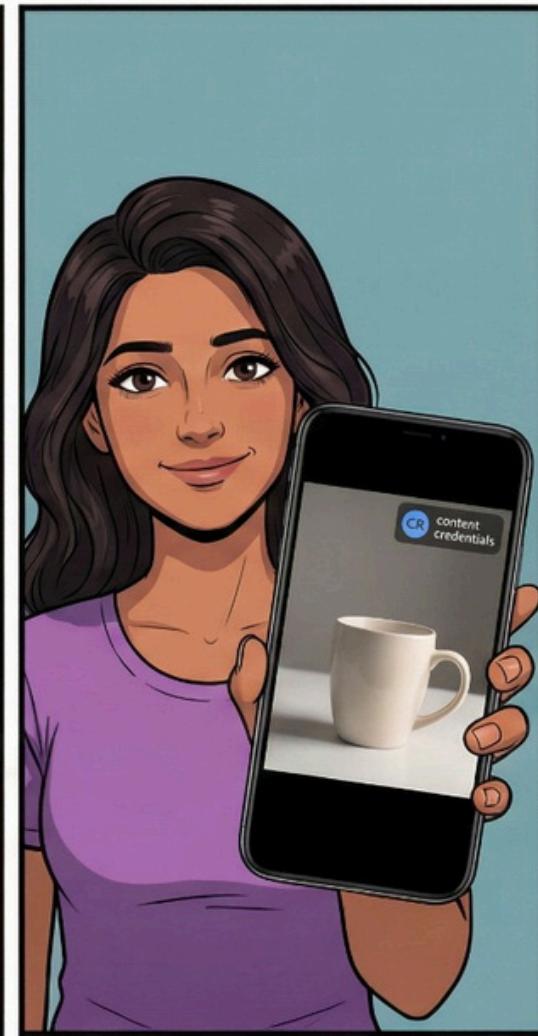

2AM. Product launch is tomorrow. Photo is useless.

Aurora's AI instantly analyzes the scene.

Relighting & Pose Assist fix it in seconds.

Done. Professional quality, transparently edited.
